Directory Listing Common Terms

List ID	A unique list id is assigned to every directory listing in DPI. A list id is equal to the listed telephone number followed by a number indicating the version of its appearance. An example is listed below.	
Listed Number	Directory Listing	List ID
765-442-8212	Jay's Pizza 123 Main St	7654468212 <u>1</u>
765-442-8212	J & J Pizzeria 123 Main St	7654468212 <u>2</u>

Package ID	A package id is assigned to each directory listing. The first 10 digits of a package id identify the BTN of the account on which the listing appears. The last 5 digits of the id identify the unique version or sequence of the listing. Two examples are shown below.	
	Jay's Pizza: Both listings for Jay's Pizza and J & J Pizzeria are on the same account BTN	
	Payne Seymour Dr: Each listing is for a different number shown by the first 10 digits of thepkgid.	

Listed Number	Directory Listing	Package ID
765-442-8212	Jay's Pizza 123 Main St	7654468212000 <u>01</u>
765-442-8212	J & J Pizzeria 123 Main St	7654468212000 <u>02</u> Example 2: This example shows that each listing appears on a separate account BTNs.
Listed Number	Directory Listing	Package ID
765-552-1313	Payne Seymour Dr	7655521313000 <u>01</u>
765-552-1313	Payne Seymour Dr	7654448000000 <u>01</u> <ul style="list-style-type: none"> See note below Note: the last example appears within a caption listing on 765-444-8000.

Directory Listing Common Terms

Determining the MTN

Single line account The MTN (Main Telephone Number) is required on all completed DL forms. To find the MTN for an existing directory listing, attempt to find the listing using the listed number.

The following general rules apply:

- When the listed number is a straight line listing, the MTN value is equal to the listed phone number.
- When the listed number is within a caption, the MTN value is equal to the telephone number on which the caption is built. This TN can be a Retail or CLEC account.
- The MTN can always be the first 10 digits of the PKGID.

VFO Pre-Order Caption Listing 'SEE' Listing

SEE Listing (CSR Preorder)

When a directory listing appears within a caption, a CSR returns the directory code SEE followed by the (lead) telephone number for the caption listing. If the TN appears under several captions, the CSR returns several SEE codes followed by the lead number for each caption.
