

Carrier Customer Bulletin

Date of Notice: January 19, 2021
Notice Number: NWFZF-21-0032
Category: ASOG System Upgrade
Target Audience: IXC, Wireless, CLEC, ISP
Subject: ASOG 62 System Upgrade 60-Day Notification
Effective Date: March 20, 2021

Effective March 20, 2021 ZiPLY Fiber will implement Version 62 of the Access Services Ordering Guidelines (ASOG) within its Pre-order and Ordering interface systems.

During the release implementation, Virtual Front Office (VFO) and Unified Ordering Model (UOM) will be unavailable for processing transactions. CLEC/Carrier testing will be available in advance of the ASOG 62 System Upgrade implementation. Future ASOG 62 notifications will provide specific hours for testing availability as well as hours associated with the maintenance window.

ZiPLY Fiber Access Custom Business Rules will be implemented with ASOG 62. A draft version is available on the Access Reference Documents page of the ZiPLY Fiber Wholesale Operations Website at: <https://wholesale.ziPLYfiber.com/wholesale/access-services/access-reference-documents>.

If you have questions regarding the information provided in this notice, please email wholesale@ziPLYfiber.com.
