**Target Audience:** IXC, Wireless, CLEC, ISP  
**Subject:** ASOG 62 System Upgrade 30-Day Notification  
**Effective Date:** March 20, 2021

---

Effective March 20, 2021 ZiPLY Fiber will implement Version 62 of the Access Services Ordering Guidelines (ASOG) within its Pre-order and Ordering interface systems.

During the release implementation, Virtual Front Office (VFO) and Unified Ordering Model (UOM) will be unavailable for processing transactions. CLEC/Carrier testing will be available to e-bonded customers in advance of the ASOG 62 System Upgrade implementation. Please email [wholesale.connectivity@ziplyfiber.com](mailto:wholesale.connectivity@ziplyfiber.com) with your request to test by 3/01/2021.

ZiPLY Fiber Access Custom Business Rules will be implemented with ASOG 62. A draft version is available on the Access Reference Documents page of the ZiPLY Fiber Wholesale Operations Website at: <https://wholesale.ziplyfiber.com/wholesale/access-services/access-reference-documents>.
